

Sept. 16, 1970

Dear Jim & Vickie,

Thank you for the post card. It sounds like fun to be able to see such interesting places. I am getting of downtown Seattle!

This weekend is the Buck Baugh dinner & reception at Martin Durwane. There is so much work to be done for both & I'll be so glad it's over. Mike has sold quite a few \$100 tickets to the reception, probably have invited most of the press, television men. Mom and Dad are going also, although Mom says she's sick on television and doesn't like dinner afterwards. It is in Mercer Island and is \$5. If we make a money on this function, maybe I will come out even!

Seattle is sure a depressed area. Boeing keeps announcing more lay-offs - and their parking lot is half empty. There are not many

ope who aren't worried about
our job. The primary was yesterday
I must. Democrats did very well
which is still looking very good

1972.

How do you like your job now?
I bet it is still hard getting
used to an 8-hour day.

Mike and I are going to leave
early today and go out to dinner.
Write when you can.

Love,

Mary
